darkness saturates a narrow hall
as voices sift through
so many lies we told to ourselves
come true
an open invitation
she sent herself to
blend in with everyone else
such an easy prey
we bite our own tongues to see how we taste
you're such an easy prey
slow down
you're poised and ready
to follow
we're led to nothing
slow down
this shadow sculpting base on ideal
leaves us empty
it doesn't matter what you say
as long as what you say is fitting
and if we fall in line
we can't decide just what to be
then there is nothing more
we've tried too hard
we'll never see awake again
and anyone can dress the part
and this is all about you
and this is all about you
and this is all about you
and this is all about you
and this is all
and if we fall in line
we can't decide
just what to be
then there is nothing more
we've tried too hard
we'll never see
and if we fall in line
we can't decide
just what to be
then there is nothing more
we've tried too hard
we'll never see
