Calling You

There's something that I can't quite explain
I'm so in love with you
You'll never take that away
And if I've said it a hundred times before
Expect a thousand more
You'll never take that away

Well expect me to be
Calling you to see
If you're okay when I'm not around
Asking if you love me?
I love the way you make it sound
Calling you to see
Do I try too hard to make you smile?
To make us smile

I will keep calling you to see
If you're sleeping, are you dreaming
If you're dreaming, are you dreaming of me
I can't believe you actually picked me

I thought that the world had lost it's way
(It's so hard sometimes)
Then I fell in love with you
(Then came you)
(Then came you)
And you took that away
(It's not so difficult,
The world is not so difficult)
You take away the old
Show me the new

And I feel like I can fly when I stand next to you
So while I'm on this phone
A hundred miles from home
I'll take the words you gave and send them back to you

I only want to see
If you're okay when I'm not around

Asking if you love me?
I love the way you make it sound
Calling you to see
Do I try too hard to make you smile?
To make us smile

I will keep calling you to see
If you're sleeping, are you dreaming
If you're dreaming, are you dreaming of me
I can't believe you actually picked me

Well I will keep calling you to see
If you're sleeping, are you dreaming
If you're dreaming, are you dreaming of me
I can't believe you actually picked me

I will keep calling you to see
If you're sleeping, are you dreaming
If you're dreaming, are you dreaming of me
I can't believe you actually picked me
