You must be broken by a thousand ways of wasted time  
Get to the point then off the hundred lines awake  
No need to change my mind, that clean a shade of  
thinking time  
But i seem to think more than i act upon those things

And do you ever wonder  
How hard you hit you broke my thunder  
And do you ever wonder

A scar was sewn a drop of blood was saved for making  
wine  
Still no repent on how you crumble when i shake  
A mental jaw was used to pry me from this wrecking  
barn  
But the sad details or the promises that i make

And do you ever wonder  
How hard you hit you broke my thunder  
And do you ever wonder

I'm cramped and crawling from under the dead and i  
I'm sick of living without you in bed and i  
I've made mistakes that i wrote, that i read but now i

Just can't seem to be pre-occupied  
But the heart was tossed with a black laced chain  
And with these hands that i write with  
And the ode that i live by you know i will never be with  
you

And do you ever wonder  
How hard you hit you broke my thunder  
And do you ever wonder

Cus God made this night for me  
A silly devil in me talking  
Romantic company for walking  
Over and out  
Over and out

But this year's the year i write to be

That silly devil in me talking  
Romantic company for walking  
Over and out  
Over and out

And do you ever wonder  
How hard you hit you broke my thunder  
And do you ever wonder  
How hard you hit you broke my...  
You broke my...  
You broke my...  
You broke my thunder
