I'm like a storm cloud eager when you go out
Calm again
I'll ask permission for the wrong to win
Drop the bomb and get your story out and get it on
In a haze the beginning of your days
Gonna fall down
Got to get back up but at your own pace
Got to fill your cup and find the way
Out of your own maze
Yeah boy what you said now

And hide the rule book throw it in the waste
Look strong
Like you belong cause you do belong
Whether right or wrong you belong

(Because) I'm on your side if you fail at least you tried
To keep your aching celebrating wonder making heart
alive
Yeah and pride don't keep it all inside
Don't keep your aching celebrating wonder making
heart alone
Write you own song

Whatever happened to our inner glow?
Whatever happened to the song the soul the me i used
to know?
Whatever happened to my radio?
Whatever happened to my song?
It is my song

So here's a preview shove it under old-new
Or call it rock or pop or Bach or fuck
Goddamn where did we go wrong
Now there's a category for every song

Yeah we only want to sing when we want to
Yeah we only want a dream we can flaunt to
Yeah we only want to fly by the side making love to the
rhythm be a Jekyll and a Hyde
Yeah we only want a field we can run through
Yeah we only want a beat we can drum to

Yeah we only want to fly by the side making love to the
rhythm be a Jekyll and a Hyde

So stride if you fail at least you tried
To keep your aching celebrating wonder making heart
alive
And pride don't keep it all inside
Don't keep your aching celebrating wonder making
heart alone
Write your own song

Whatever happened to our inner glow?
Whatever happened to the song the soul the me i used
to know?
Whatever happened to my radio?
Whatever happened to the song?

(Gonna wake up strong ya we're all gonna wake up
strong...)
(Gonna wake up strong ya we're all gonna wake up
strong...)
(Gonna wake up strong ya we're all gonna wake up
strong...)
(yeah well write your own song)

(Gonna wake up strong ya we're all gonna wake up
strong...)
(Gonna wake up strong ya we're all gonna wake up
strong...)
(Gonna wake up strong ya we're all gonna wake up
strong...)
(yeah we're writing our own song)

(Yeah we only want to sing when we want to)
(Yeah we only want a dream we can flaunt to)
(Yeah we only want to fly by the side making love to the
rhythm be a jekyll and a hyde)
Whatever happened to our inner glow
(Yeah we only want a beat we can drum to)
Whatever happened to the song the soul the me i used
to know
Whatever happened to my radio
(Yeah we only want a dream we can flaunt to)
Whatever happened to the song
(Making love to the rhythm be a Jekyll and a Hyde)
Whatever happened to our inner glow
(Yeah we only want a field we can run through)
((Gonna wake up strong ya we're all gonna wake up
strong... Gonna wake up strong ya we're all gonna
wake up strong...))
Whatever happened to the song the soul the me i used

to know
((Gonna wake up strong ya we're all gonna wake up
strong... yeah we're writing our own song))
Whatever happened to my radio
(Yeah we only want a dream we can flaunt to)
Whatever happened to the song
(Making love to the rhythm be a Jekyll and a Hyde)
