We talked
Together sharpening the knife
Like killing partners for a life
Hey we can hide the bodies on the ride home

Now here we are
We're licking skin to wipe us clean
Strike a match, pour gasoline
Ditch the scene and watch this city burn
Asleep, my life will be a pillow steering wheel turn

I'll be reaching for the stars with you (honey)
Who cares if no one else believes
So I, set fire to everyone around
But I told you
I told you
I told you

So ha ha ha ha
Ha ha ha ha
Yeah we won

We Drive
To leave the past and clear the mind
To watch the sunset set it's time
I swear you'll find
I'm your ride home

Now close your eyes
Its' getting dark and the highways clear
No sign of life from front to rear
Its just you my dear
On the ride home
We're going home

I'll be reaching for the stars with you (honey)
Who cares if no one else believes
So I, set fire to everyone around
But I told you
I told you
I told you

So ha ha ha ha
Ha ha ha ha
Yeah we won

We talked
Together sharpening a knife
Like killing partner for a life
Hey we can hide the bodies on the ride home
Cause we're going home

I'll be reaching for the stars with you (honey)
Who cares if no one else believes
So I, set fire to everyone around
But I told you
I told you
I told you

So ha ha ha ha (we won)
Ha ha ha ha (oh yeah we won)
Ha ha ha ha (we won)
Ha ha ha ha
Yeah we won
Yeah we won
