sweet and somber pigeon wings
can't we all recall when mama and papa
were the sweet toothed christmas ball
i said, picture as holiday family
yeah of course i was small and i all i knew was my
grandpa
but i really didn't know him at all i said,
my blood, my cousins, my calvelry
yeah a piece of them gone but still i feel them strong
when i reach for david cause my granpa is gone
i shout out, i got love for the family!!

yeah my mother is a doll and my brother can stop any
brawl
but uhm, i pucker up i'd like to kiss you all
i said

but open your eyes, a new song cause the family is
wrong
so don't lecture me, don't lecture me
but as far as i can see
a step mom yeah the widow's palm is what's crushing
me
and this family

it's beyond my time, yeah it's beyond my time
haaayyyeah!!
