I stood there staring at the street
a little bird from the broken lights
the spot where we should meet
i used the quater from the phone but noone's home
pulled up my coat to hide in snow
i slipped on the thought that
she would even show but i know
so torn to pieces fall apart
and that breaks my heart

maybe we'll laugh
and maybe we'll fight
but there's no one to blame
who's wrong or right
just push me away god
don't say goodnight
and if your needing someone
damn who am i
who am i

i hit the wallet lunch and break
i'm faced down in the holes of my mistake
but to empty out the sword of pain
you gotta let it drain

farewell but who am i to say?
that i could paint a butterfly
in empty shades of grey
let it go and fly away
but hear me say
sweety all i want to say is

maybe we'll laugh
and maybe we'll fight
but there's no one to blame
who's wrong or right
so just push me away but god
don't say goodnight

and the drug that i take
that makes it allright
well listen to the trash can

senatras on a saturday night
we're bording the plane
hold my hand on the flight
but if your needing someone
damn who am i?
who am i?
who am i?
who am i?
