This could happen to you  
It's fine by me  
You're only asking for pain  
Feelings mutual, don't act so casual  
Like this is all we had  
You know that I'm right  
I think you know, I know you know  
Why can't we just let this go  
You tried to find a reason  
Do this once more  
And if the feelings left unbent  
Maybe we can work it out  
If everything is what you want  
Then this is all

This could happen to you  
It's fine by me  
You're only asking for pain  
Feelings mutual, it's all coming down  
All bets are off  
But I'm still running out now  
But I'm so sure  
That you're still here  
Trying to make everything we had so easy

Give me reason to confess  
I'm tired of this mess  
You tried to make it so easy  
But you always lie  
Well everybody lies  
Why can't you just accept this  
You know that I'm right

I think you know, I know you know  
Why can't we just let this go  
You tried to find a reason  
Do this once more  
And if the feelings left unbent  
Maybe we can work it out  
If everything is what you want  
Then this is all

I am the smoke in your cigarette  
You are the bullet to this roulette  
Do you feel lucky tonight  
Do you feel lucky  
If you're content that's the only way  
The drama's gone so I'll stay tonight  
You're feeling good, I feel all right  
Do you feel lucky  
Everybody knows lies  
It's that simple
