Without you I'm a fraud
Only believing the dead
We lock the chairs outside
And keep a gun by the bed

You should know by now
My heart is open
Two alone
I sit here waiting for the cards to come back home
I'll never be a part of any working wheel
I bet they call you out for real.

I could never see the light
That you had left here for me
To wake up, wake up
Drown the lights
And I could never change
The light that you had left here.
Form me too.
But I'm never coming out alive.

You should know by now

My heart is open
Two alone
I sit here waiting for the cards to come back home
I'll never be a part of any working wheel
I bet they call you out for real.

I could never see the light
That you had left here for me
To wake up, wake up
Drown the lights
And I could never change
The light that you had left here.
Form me too.
And I'm never coming out alive.

(you should know by now heart)
I could never change.
The light that you had left here.
Form me too.
