Visit "[Every Answer Mute](#)" on MotoLyrics.com

Here alone now  
You're so close  
There's a light down the road  
You're too late now  
And the feeling... it's sobering  
Wilt alone, now get it on now

I'm here to start the war  
Why did you let me out  
I'm not the only one to ask you  
"Is this the life you lead"  
I didn't start the feud  
Why am I on my knees  
Begging you, please have mercy on me  
What do you want me to say

So where's your savior waiting for you  
On the other side  
Of the ashes tonight  
Time is over  
Waiting for you  
On the other side  
Of the ashes tonight

I didn't start the feud  
Down here on my knees  
You tried to make every end a reason  
Is this the life you lead'  
I'm not hearing anyone  
Breathing just like you  
You try to make every answer mute  
But we all hear

So where's your savior waiting for you  
On the other side  
Of the ashes tonight  
Time is over  
Waiting for you  
On the other side  
Of the ashes tonight

It let me out when April came

We burned the wings that won  
We are all to blame  
And you ripped out it's spine  
Your eyes they tell an open lie

Are you trying to hide this from you  
I heard you say  
"This time I'm sure you'll make it out"  
You're trying to find  
A reason to look up  
The hours say "These fingers part"  
A listing in dead problems  
I heard you say  
"This time I'm sure you'll make it out"  
You're trying to find  
A reason to look up

Your eyes they tell an open lie  
You're trying to hide this from you  
I heard you say  
Your eyes they tell an open lie  
You're trying to hide this from me  
Don't hide it from me  
Don't hide this in mute  
Don't you run from me (every answer mute)
