The waiting room is in the basement  
Break out the bottom  
When your broken heart attacks  
The light is on but I won't play dead  
If I could leave you know I wouldn't call  
Because you and me

We're buried alive  
In this towns braid pretentious click  
I don't expect you  
To kill anyone just yet

We're buried alive  
In this towns braid pretentious click  
I don't expect you  
No I don't expect you to wait

Darling you can't shoot  
Without your gun  
We played the lines  
Framed perfect crimes  
Girl, I couldn't focus

Darling you can't shoot  
Without your gun  
I'm saving a dance for you  
But only a short song

I watched the fire burn your house down  
I lose the compass  
Just to make this challenge real  
This gravity moves on without us  
I'd fake the line  
But I don't fit the trend  
Of you and me

We're buried alive  
In this towns braid pretentious click  
I don't expect you  
To kill anyone just yet

We're buried alive

In this town's braid pretentious click  
I don't expect you  
No I don't expect you to wait

Darling you can't shoot  
Without your gun  
We played the lines  
Framed perfect crimes  
Girl, I couldn't focus

Darling you can't shoot  
Without your gun  
I'm saving a dance for you  
But only a short song
