Don't turn your back  
Danger surrounds you  
Don't turn your back  
To the dogs who hound you  
Don't turn your back  
Don't show your profile  
You'll never know  
When it's your turn to go

Don't turn your back  
On intuition  
Don't turn your back  
On superstition  
Don't turn your back  
To your jealous neighbor  
He just might blow  
And spoil the show

Don't turn your back  
One chance to save her  
Don't turn your back  
Keep her out of danger  
Don't turn your back  
She'll return the favor  
She wants you so  
Don't say no.

Things are not always what they seem  
She will always say what she means  
You'll never know who your friends really are  
You'll use that special option in your car.

Don't turn your back  
Danger surrounds you  
Don't turn your back  
To the dogs who hound you  
Don't turn your back  
Don't show your profile  
You'll never know  
When it's your turn to go
