Chant:

In and out and out and in  
And up and down and all around  
We're going through it  
Nothing to it  
All you've got to do it is do it  
Going through the motions - 1,2,3,4  
I go you go you go me go  
Everywhere that we go we'll be  
Going though the motions -1,2,3,4  
Going though the motions  
Going though the motions  
I don't really care  
Cause you're going nowhere  
You've got nothing but fear in your eyes  
You're leading me on  
But you can be anyone  
Cause I know you'll be gone when I rise  
And we're going though the motions  
Going though the motions  
Going though the motions  
Going though the motions  
Staying with you  
Gave us something to do  
I always thought it was truth for awhile

You're loving your lies  
You're so thinly disguised  
You couldn't tell right from wrong if you tried  
And we're going though the motions  
Going though the motions  
Going though the motions  
Going though the motions  
To thee I'll dedicate this photograph  
I'll even sign it love to you, again  
And when it's faded and forgotten in some book  
You'll sometimes look  
You'll sometimes look  
You'll sometimes look  
It's a game it's a game  
No let's call it a shame  
Cause there's no one to blame

It's a pain  
You were a friend for a day  
So don't cry if I say  
That you got what you want, it's Ok  
Going though the motions  
Going though the motions  
(Repeat Chant)
