Drivin' alone into the darkness
I heard you call my name
And the roar o' the engine

Was calling me to blame
Tears in my mirror
Crying for the people behind us
But I know, I won't let you go
Oh No

Here comes that Feeling again
I'm wrapping my dreams around you
And our love is in it again
After all we've been through

And I know there's a place inside of my home
That the road will never find
And I'm afraid the approaching headlights
Will someday leave me blind

You shatter my mirror
Buying off the forces that drive me on
And tonight, I won't let you go
Oh no

Here comes that Feeling again
I'm wrapping my dreams around you
And our love is in it again
After all we've been through

Baby climb into the night time
Girl this moment is the right time

Drivin' on and I'm still hungry
To make the next town
And this road's the only
Thing that could bring us down

If it keeps me drivin'
I swear I'll never leave you behind
And I know, I can't let you go
Oh no

Here comes that Feeling again
I'm wrapping my dreams around you
And our love is in it again
After all we've been through

Here comes that feeling again
Here comes that feeling again
