Canadian mounted baby, a police force that works
Red and black, that's their color scheme
Get their man, in the end
It's all right, yeah, it's all right

Frontenac chateau, baby, I'll cross the frontier at ten
Got a whip in my hand, baby
And a girl or a husky at Leather's end
It's all right, it's all right, baby, it's all right
My lovely bel punice, you'd kill and you'd maim

[Incomprehensible]

Hornswoop me bungo pony, dogsled on ice
Make a dash for freedom baby, don't skate on polar ice
It's too thick to be sliced by the light
Of long and white polar nights
It's all right, it's all right, baby
It's all right
My lovely bel punice, you'd kill and you'd maim

[Incomprehensible]
