Written by Ron Keel
Performed by Fair Game

Driving through the pouring rain
I'm back out on the road again
Headed for another one-night stand

Keep wishing I was home again
Hanging out with my own friends
I guess I'll die a travelling man

Baby
We've been loving on borrowed time
And now you're leaving
You say you're walking on down the line
But don't stop believing

Where you gonna search for love
Somewhere in the night, baby
And where ya gonna find a man like me
To set you free
Baby, you'll find me out there
Somewhere in the night, woman
And it'll be all right, yeah
Somewhere in the night
(Somewhere in the night)

And though we never said goodbye
We thought that it was time for me to fly
Taking off on broken wings

She kissed the tears from my eye
'Cause everybody says that tough guys never cry
We may never love like this again
'Cause some lose and some never win

We're gonna leave this town behind
And don't look back now
'Cause if I can't make you mine
I'll just keep on dreaming

Where you gonna search for love
Somewhere in the night, baby
And where ya gonna find a man like me
To set you free
Baby, you'll find me out there
Somewhere in the night, woman
And who's gonna hold you tight
Somewhere in the night

Where you gonna search for love
Somewhere in the night, baby
And where ya gonna find a man like me
Who's gonna set you free
Baby, you'll find me out there
Somewhere in the night, woman
And then it's gonna be all right
Somewhere in the night
