Written and performed by DMT

Alone in my body
Alone in my head
Dreaming of someone
Here in my bed

It feels so real
It nearly drove me insane
My body is different
This is still my brain

Touching myself again
Touching myself again
Hoping she will be my friend
I'm just touching myself a...

My eyes are closed
And I'm looking at you
Alone in the darkness
You know what I do

Touching myself again
Touching myself again
Hoping she will be my friend
I'm just touching myself again
Here I go now...

Alone in my body
Alone in my head
Dreaming of you
Here in my bed

It feels so real
Blood fills my veins
So I grabbed it firmly
And I stroked it again
Here I go again
Here I go again
