Sitting down it's the end of my day...
Thought that I would call you up and say...
It's been soo, lonely without you here..
That I could cry.....
But, I'm saving all my tears..
And if I could ...you'll know i'd hop a flight
Girl, i would kiss and hold you through the night..
We would have a quiet evening at home.,
Just you and I
All alone.....
I promised, i would not punish myself like this...
But, here I go, here i go , here i go Again.
My two-weeks always end up two-months...
I see relief in sight.
don't worry....
it won't be long..
before i come.
We Will always be together.
To right the stormy weather...
verse II
I'm daydreaming
I'm thinking
of you....
Trying to figure out
what to do...
I can't come back there
empty handed...
i've got my dreams to fulfill...
As a kid we all need
a hero..
You were the key
to unlock the doors..
To the road to my success...Not Fantasies..
You are more than a lover..
you are a Friend indeed.
So girl, don't you worry
cause i will be there on the 8th..
Kissing, Hugging you Lady.,
You know i can't wait...
I'm Not saying this
Just to brighten up your day.
I can't wait to see your face..

Because, I adore you (yeah)
Can't you see it's True
Girl, I'll be dreaming
Girl, i'm thinking of You.....
yeah,ah yeah
here i go
here i go
again
here i go, here i go, here i go again..
here i go, here I go,here i go again
here i go..
again.....
