The spout of your mouth  
Like a river of currency  
You say behave  
And I say let's get dirty  
I want to breed

Circling our minds  
Trouble and temptation  
Some say the bold and the beautiful  
Are inert elite  
I just say go fuck yourself  
Cause the people who care  
Are better everywhere

Sacrosanct silver and grime  
When out of the sorrow's song  
Long flung you brung

You better run before you get killed  
But the hole in the ground  
Has already been filled  
With the mush and the might  
Of a sorrowful sight  
Of us all pretending to be right

If it taints then it won't be gold  
If it breaks we can no longer hold  
Them precious foolery  
Along with trivial things

Sounds like every  
Embattlement  
Sounds like a barrow  
Well come bare in mind  
And let you see

THE WHORE OF HUMANITY

You better run before you get killed  
But the hole in the ground  
Has already been filled  
With the mush and the might

Of a sorrowful sight  
Of us all trying to be right  
And we're wrong
