Ravenous lady  
Rapturously  
Wrap your tender legs around me  
I'll bring the leather  
You bring the lace  
Now bring your beckoned  
Neck to my face  
I'll undo your gown  
Let slip down  
All of our makeshift walls of shame  
Let's know each other  
By each other's name  
Let's bring the gambit  
Into the game  
Play with me  
I'll play with you  
And that's all I do  
Or what I knew

Ravenous lady  
Rapturously  
Wrap your tender legs around me  
I'll bring the leather  
You bring the lace  
Now bring your naked neck  
To my face  
I see your eyes  
All wet with tears  
I knew all of uncertain fears  
From villages  
Of witches need  
All cold tits  
Were mire speed

How is it that I  
Wander through  
As I do  
And how is it that I  
Want to be trampled  
By and by a goner gone  
Sending a long arm out  
Sending my strong arms about
