\*chorus\*

Cuz you can do anything that you set your mind too  
You can run a million miles if you really had to  
And I would do it again if you asked me too,  
In the name of love from me to you

Listen to the rain  
Listen to the rain  
Listen to the rain

Living my life for just one chance  
To see myself through the looking glass  
you love, and world wont let me in  
And where to start and where to begin  
Cuz love is life and life is love, and that you give me  
fits like a glove  
So grab a hold, and not a moment to spare  
I cant deny you all i care  
so can you hear me, can you feel me  
i gotta get your body ohh so near me  
just one touch, of my lonely hand  
what i do, and what I feel, just say and believe its real  
i do what i do, and ill do it again, i'll find the answers

Listen to the rain you know its calling  
wash away the tears from your eyes

tell me what you hope and what you dream of  
And all the reasons why

\*chorus\*

Go on and on, and i must be so strong  
dont look down, i gotta carry on  
when in doubt i will find a way  
it will bring us closer to the day  
so dont believe those words your hearing  
prove to your heart, ya you must be glearing  
the negativity that fills your mind  
i said whats it gonna take to call you mine  
i said can you hear me, can you hear me, gotta get  
your body oh soo near me

i gotta get your body ohh so near me  
just one touch, of my lonely hand  
what i do, and what I feel, just say and believe its real  
i do what i do, and ill do it again, i'll find the answers

Listen to the rain you know its calling  
wash away the tears from your eyes  
tell me what you hope and what you dream of  
And all the reasons why
