Hey it's me what a big surprise
Calling you up from a restaurant
Around the bend
I just got in from way up north
I'm aching tired now
And I could use a friend
I might be a fool
To think that you do
Want to see me again
It's been awhile since I talked to you
Nothing wrong
Just nothing ever goes as planned
Many times I thought I'd call
I didn't have your number in my hand
I know it's true
You'd never do
The same thing to me
I never meant to make you cry
And though I know I should call
It just reminds us of the cost
Of everything we've lost
Bad timing that's all
Maybe soon there'll come a day
When no more tears will fall
If we each forgive a little bit

And we both look back on it
As just bad timing that's all
We used to have so many plans
Something always seemed to turn out wrong
I never could catch up to you
Moving on and doing what you've done
I don't know why
The harder I try
The harder it comes
I never meant to make you cry
And though I know I should call
It just reminds us of the cost
Of everything we've lost
Bad timing that's all
Maybe soon there'll come a day
When no more tears will fall

We each forgive a little bit
When we both look back on it
Just bad timing that's all
We each forgive a little bit
When we both look back on it
Just bad timing that's all
