Girl of mine
Where did we go wrong
Oh you never once said you loved me

And you never once called my name

And now I

I can see the way
My memories like cigarettes
Blow smoke upon the screen

I stare up to the empty face
That hangs inside my dreams

In the words of love I hesitate
They all come rushing in to me

Too late too late
Days and nights
Wondering what could it be
Someone to see you through
Did you need somebody stronger

Oh girl I never knew
Now your lipstick and your powder

They're all put away in drawers
But the traces of our love affair
Still hide behind the doors

I lie awake afraid to sleep

Cause I see the face I knew I'd never keep
I'd never keep
Too much to bear
Too much I fall down drunk

Too much I care
Tell me now

Do the words of love still seem the

Same to you
Now we learned the angry lessons
And we still came back for more

Forget somehow what came before
My senses have been shocked

And I'm alive to every pain
Your quiet laughter comes to me
It echoes in the rain

In the darkness of my lonely room
I pray that you won't fade
Away too soon

Too soon
It's too much to bear

It's too much I fall down drunk

Too much I care

Oh...
