The sun breaks
Well I can't wait
Till I'll be on my way again
I'm sick and tired of waiting with nothing to do
Watching the rain through a crack in the window
Little things get you through
Like the same that is rising over me, is rising over you

Oh walking and talking like birds in the sky
You turn your secrets all gracefully alive
Ohhh that's the way you come to me
I'm head over heals and I'm always gonna be
That's okay, I love the way you come to me

Well i guess I'm tempting fate
A little to long it seems
Walking in this heat is just like floating in a dream
I've been torn apart, put back together
With a couple of pieces in wrong
I'm holdin' on now, Oh but I won't be for long

Oh tossin' and turning like waves in the sea
You showed myself to me
Let me down easily
Ohh that's the way you come to me
I'm head over heals and I'm always gonna be
That's okay, I love the way you come to me

Well I know, one night together won't make up for ten
apart
I've been steady as rain
Nothing ever changes in my heart
Oh throw off the covers, open the window
Don't care what we do
I've been standing for days
Now I get to fall down with you

Ohh tossin' and turning like waves in the sea
You showed myself to me
You lie so easily
Oh thats the way you come to me

I'm head over heels, and I'm always gonna be
That's okay, I love the way you come to me
