I pulled myself out of the mess, so everyone could  
breathe  
I took the red-eye home, I was the only one to leave  
When looks are daggers, words are guns  
Every hope is gone  
The sadness in your eyes  
Just lingers on and on  
CHORUS  
Away  
One light left in heaven  
Away  
High above the clouds  
Away  
The light goes on forever,  
I wish we'd stay up here, never come down  
You know I'll wait here for you  
I'll wait here for you  
No matter where you go, or what you put me through  
And I don't know if you'll come back to me  
But baby if you do  
I'll be waiting for you  
I moved around a bit, I thought I'd landed safe  
But then I caught a glimpse of what was hidden in your  
face  
You looked me in the eye and told me everything was  
true  
Now we know the distance between me and you  
CHORUS  
Summer makes me restless and I can't get by alone  
I know that's you that's calling, but I don't pick up the  
phone  
The day you started wandering, I guess I lost my faith  
I sit here now and wait and see, what's coming in its  
place  
Away  
One light left in heaven  
Away  
High above the clouds  
Away  
The light goes on forever  
I wish we'd stay up here, never come down

You know I'll wait here for you  
I'll wait here for you  
No matter where you go or what you put me through  
And I have walked this floor for hours and hours  
Underneath the moon  
And I am slowly disappearing here, Just a ghost that's  
shining through  
And I don't know if you'll come back to me  
Or if I want you to  
I'll be waiting for you
