I need you here tonight
Your body next to mine
I haven't seen you for a while
I need your tender kiss
The touch of your fingertips
I haven't seen you for some time now
I need to touch you like I used to do before
Though I have touched you girl a million times or more
I don't know how to love no more
I don't know what I'm waiting for
Take it to your heart my friend and teach me how to
love again
I don't know how to cry no more
So tell me what I'm living for
Take it to your heart my friend and teach me how to
love again
Yeah, teach me
I need you here tonight
To squeeze and hold you tight
And feel your skin so close to mine
I wonder where you are
So near but yet so far
Your name is always on my mind
I need to touch you like I used to do before...
I don't know how to love no more...
Come on, teach me
Yeah, teach me
Come on and teach me
I need you here tonight...
I've been longing for some time now
I need to touch you like I used to do before...
Come on and teach me
I don't know how to love no more...
I don't know how to love no more
No, I don't know what I'm waiting for
I don't know how to cry no more
No, I don't know how to love no more
