the pressure is mounting Im ready and counting
theres something Ive got to be
Im fearless I feel it scared senseless who needs this
still something Ive got to be
there is no going back this is what we know
weve come to entertain asking you to follow
weve born to self-destruct here it comes again
a desire to go down in flames
my hearts racing my legs shaking
theres more drama in the making
I had a feeling this day would come
so are we real good or just delirious
but if you stop us now it could get serious
sorry mama for what Ive become
there is no going back this is what we know
weve come to entertain asking you to follow
weve born to self-destruct here it comes again
a desire to go down in flames
you can turn it off but it never stops
madness or not Ill risk everything Ive got
and if I got to do it all over again
Id still believe in these friends
And they mess they got me in
