Lock the door, thin the light
Here's the tale for you tonight
Let me take you away
Well, take my hand and follow me
Mother Mary's child to be
Well, I got something to say
Rainbow warrior
Shine on
Rainbow warrior
Sign your will across the sky
Follow me 'til the day you die
One for all and all for one
Walking through the gates of dawn
We've been waiting so long
Children sent from near and far
Come and see their newborn star
See it shining so strong
