She works hard to enjoy the weekends
All glammed up to describe the feelin'
makin her way through the crowd
somethin' is drivin' her wild

(Chorus)

She's turnin up the stereo
She wants everybody to know
She's fixin to see the show
She's a s-s-s-s-sucker for a guitar hero
Her obsession is legedary
And all her boyfriends are temporary
Her idea of a perfect man
plays custom trough a marshall amp.

(Chorus)

She's turnin up the stereo
She wants everybody to know
She's fixin to see the show
She's a s-s-s-s-sucker for a guitar hero

(Guitar solo)

God knows she can't controll her weakness
Sometimes she settles for local talent
Everone knows it's a phase
Just tappin' to kill some time
Cause' she'll be back in a wrackfull place
Where the trucks roll into town

(Chorus)

Now she wont need a stereo
Cause' everybody will know
That she's right there watchin' the show
She'll be throwin all her love around
Now the boys are back in town
Until she just can't take it no more
She's a s-s-s-s-sucker for a guitar hero
