If you let me I will pick up the remains of your day
If you let me I will take a to hold your hand
And tell you that you're safe (you say)
Give what you got
Give me what you've got
Show me what we're not
Must be a plan for the everyman
Just give me what you can
'Cause I wish I could believe in God
So I can move ahead
I know I can believe in God
Time to move ahead
If you let me I will
I will soften the blow of the forces at play
If oyou let me I will
I will finde som grace
In the modern day (you say)
Give what you got
Give me what you've got
Show me what we're not
Must be a plan for the everyman
Just give me what you can
'Cause I wish I could believe in God
So I can move ahead
I know I can believe in God
Time to move ahead
