For 24 years I've wondered  
Just what to do  
I've seen how the good times has faded away  
And I've known them to come back again

Right now  
Right here  
Close your eyes and disappear  
With me  
Change me  
I let you just one more time

For few more long the rising  
So bright and blue  
Kill all your demons with your own two hands  
And reach for the sky once again

Right now  
Right here  
Close your eyes and disappear  
With me  
Change me  
I let you just one more time

Give me (aahh)  
Something (aahh)  
Better to do

(Guitar solo)

I never thought I'd change my mind  
But here I am  
Would you  
Come closer  
Make me feel so real again
