The pressure is mounting I'm ready and counting  
There's something I've got to be  
I'm fearless, I feel it, scared senseless, who needs this  
Still something I've got to be

There is no going back, this is what we know  
We've come to entertain, asking you to follow  
We've born to self-destruct, here it comes again  
A desire to go down in flames

My heart's racing, my legs shaking  
There's more drama in the making  
I had a feeling, this day would come

So are we real good or just delirious?  
But if you stop us now it could get serious  
I'm sorry, mama, for what I've become

There is no going back, this is what we know  
We've come to entertain, asking you to follow  
We've born to self-destruct, here it comes again  
A desire to go down in flames

You can turn it off but it never stops  
Madness or not, I'll risk everything I've got  
And if I got to do it all over again  
I'd still believe in these friends  
And the mess they get me in

There is no going back, this is what we know  
We've come to entertain, asking you to follow  
We've born to self-destruct, here it comes again  
A desire to go down in flames, flames, flames
