Another day has come
Can't face it on my own
I almost let you walk away
I guess I should have known

I'll give it to you straight
Cos some things just can't wait
I've got to make it up to you
And I pray it's not too late

Cos when you look at me
With those sad blue eyes
Yeah, it stops me cold and I realise
You're all I need tonight

Yeah, we're halfway to heaven
Lying beside you on a night so still
Yeah, we're halfway to heaven
I ask you if you'll stay and baby, say you will

So what's a man to do to get it through to you
Another lost and lonely night would break this heart in
two

So let's take a chance
And it'll be alright
Just put your trust in me tonight
Girl we're almost there, yeah, yeah

And we're halfway to heaven
There's something magic 'bout the way you kiss
Yeah, we're halfway to heaven
Running with you baby on a night like this

We're halfway to heaven
I never dreamed that I could get this high
We're halfway to heaven
Girl, I couldn't leave you even if I tried

You got me captured in a crazy spin
You got me so I just can't tell the shape I'm in

We're halfway to heaven
Lying beside you on a night so still
Yeah, we're halfway to heaven
I ask you if you'll stay and baby, say you will, say you
will

We're halfway to heaven
Oh, there's something magic 'bout the way you kiss,
girl
Yeah, we're halfway to heaven
Running with you baby on a night like this, oh
