Now he walks in shadows  
He's tryin' to pretend, she never walked away now  
But it's not deceivin'  
He's closer to an end he never could foresee

Where love goes, when love dies  
Heaven knows  
But it's more than meets the eye  
So much more than just a last goodbye  
It's a cold and lonely heart, so sad and torn apart  
Yes it's more than meets the eye, oh

Now he's in for trouble, his luck has turned away  
Nobody seems to care, no  
Well there's a cold moon risin'  
And another lonely day has passed and she's not there

Where love goes, when love dies  
Heaven knows  
But it's more than meets the eye  
So much more than just a last goodbye  
It's a cold and lonely heart, so sad and torn apart  
Yes it's more than meets the eye, sing it

Oh yeah, uh uh  
Ooh, there's a cold moon risin'  
Ooh it's another lonely day  
It's more than meets the eye  
So much more than just a last goodbye  
It's a cold and lonely heart, so sad and torn apart  
Yes it's more than meets the eye, yeah

So much more than just a last goodbye  
It's a cold and lonely heart, so sad and torn apart  
Yes it's more than meets the eye
