Keep on walkin' that road and I'll follow
Keep on callin' my name I'll be there
And if a mirror should break it's easy to take
Cause deep down I know that you care
I'm not superstitious
I'm not superstitious, I have no doubt
That there's a reason, how things turn out
While things are changin' from day to day
I'll keep this feelin' with me all the way
And I want you to know
That you're on my mind
Every day, all of the time
So keep on walkin' that road and I'll follow...
There might be times of wonder
When I'm on my own
Tryin' to find out if love has gone
It might make a difference
It might bring me down
But no superstition is gonna turn things around
And I want you to know...
So keep on walkin'...

So keep on walkin' and we'll make things right

Yeah, keep on dreamin' each and every night

We're gonna make it, that's what we'll do

Right to the end girl, we're gonna walk on through

So keep on walkin
