Sweet love child, oh yeah, ah

She stands in the doorway
In pale moon shine
When she looks at me, every part of me
Brings my soul back to life

Eyes like a rainbow
They cut right through, yeah
Oh I'm lost in time
All through my mind
I'm in love what can I do

Sweet love child
Oh, sweet love child

I shiver, I shiver and shake
It's been a long, long time
When she touches me, every part of me
Oh, just comes back alive

She rides like the wind
On a summer's night
And she gives and takes
In the love she makes
She makes everything so right

My sweet love child
Oh, sweet love child
Oh oh, sweet love child
Ah, sweet love child, oh oh yeah yeah yeah

By the light of the morning
Oh, like an angel's sigh
I can feel her breath
Lying next to me
With the world locked outside

I can feel
A taste so sweet, yeah
And she gives me love
All the precious love

It makes my life so complete

Sweet love child
Oh, sweet love child
Oh oh, sweet love child, yeah yeah yeah
Sweet love child, oh oh
Sweet love child
Oh, when she touches me, every part of me
Sweet love child
Yeah, I can feel her breathe laying next to me

Sweet love child
And she gives me love
All the precious love
Sweet love child, oh
She stands in the doorway
In pale moon shine
My sweet love child, so sweet
