You know that we belong,
we belong together,
together we'll be strong
Oh is it true, it's down to me and you

I've been thinking about the days we had
We were younger then
Didn't need nobody else
I've been waiting for this day to come
It was magic then, it could be again

I was looking at the sky
Before I knew your name
Needed something to believe in
Something to ease the pain

When I'm down feeling lost and blue
When I'm down I hear you whisper
When I'm gone, all I want to do is to talk to you
It's down to me and you

I've been thinking about the choices we made
Without a word we went separate ways
Now here we stand after all this time
It's plain to see
It was meant to be

When I'm down feeling lost and blue
When I'm down I hear you whisper
When I'm gone, all I want to do is to talk to you
It's down to me and you

You know that we belong
