[Csezy - Candlelight]

Weeks go by
Summer scents expire
Autumn leaves, memories
An untold desire

It burns in me
Waiting patiently
Never sleeps or tires
But grows by the hour

Come (and) wake me from this lonely place
All I want is you
If you take me to the stars and back
I will know my dream is true

I will fly tonight
Forever keep you in my heart
Make it feel so right
When you love me by sweet
Candlelight
Hold me 'till the morning shine
All my fears subside
When I look into your eyes

So step inside
And place your hand into mine
What you are is a blessing to my life
Ha't Istenem most le'gy velem ku"l'dd el hozza'm o"t
Nem sza'mi't mennyi me'g, olyan jo' ra' va'rni

I will fly tonight
Forever keep you in my heart
Make it feel so right
When you love me by sweet
Candlelight
Hold me 'till the morning shine
All my fears subside
When I look into your eyes
