[Euroband - This Is My Life]

This Is My Life

I spent my days in vain just waiting
For happiness to come my way
I took for granted all they gave me
I opened my eyes
Finally I realised

This is my life
I don't wanna change a thing
This is my life
All the pain, all the joy it brings

All through the years
Of blood sweat and tears
Hopes and my fears
All that was meant to be
This is my life
What will be, will be

There's no denying all the heartaches
Were just a blessing in disguise
If I never made a single mistake
I wouldn't be here
Part of the plan I believe

This is my life
I don't wanna change a thing
This is my life
All the pain, all the joy it brings
All through the years
Of blood sweat and tears
Hopes and my fears
All that was meant to be
This is my life
What will be, will be

I've found the key
To set myself free
You'll be amazed

Cos I have the power
To change my ways

This is my life
I don't wanna change a thing
This is my life
All the pain, all the joy it brings
All through the years
Of blood sweat and tears
Hopes and my fears
All that was meant to be
This is my life
What will be

This is my life
