She stands under moonlight  
She touches her hair  
Her smile adds emotions  
And her love fills the air

And I know you're my every tomorrow  
And I know that you'll always be there

We've got the world tonight  
Lets hold on together  
And we've got a love that's right  
So open your heart  
'Cause we've got tonight

We move even closer,  
with hope in our eyes,  
'Cause love is the answer  
To the hurt and the lies

And I know you're my every tomorrow  
And I know that you'll always be there

We've got the world tonight  
Lets hold on together  
And we've got a love thats right  
So open your heart  
We've got the world tonight  
Lets hold on together  
And we've got a love thats right  
So open your heart

Ask me why, the sun and the moon go round  
Ask me why, my feet never touch the ground  
Tell the truth and take my breath away

We've got the world tonight  
We've got the world tonight  
Lets hold on together  
And we've got a love thats right  
So open your heart  
'Cause we've got the world tonight

Lets hold on together  
And we've got a love thats right  
So open your heart  
'Cause we've got tonight
