"Legend In My Living Room"

When I was just seventeen I ran away from home
To be with all the pretty people
To be on my own
Bright lights and trains and bedsit stains
And pavements paved with gold
And I believed in everything that everybody told me
Have mercy
Have mercy on me
I found myself in a lonely place with a suitcase full of
dreams
And I soon grew up to realise what living in the
doghouse means
But everyday I told myself good things would happen
soon
'Cause I knew that was going to be a legend in my
living room
Have mercy
Have mercy on me
(Welcome to this perfect world)
Now everyday on a dead street is where I spend my
time
The dust has been collecting on the corners of my
mind
But I've shed my tears in bitter drops until the thorn
trees bloomed
To take the spiky fruit to crown myself the Queen of
doom
Have mercy
Have mercy
