Lyrics from the Eurovision Song Contest that are older is hard to find.

If you have any of these lyrics that are not in the archive yet, I would

be glad if you would send them to me.

Then of course you would be the submitter and I will write your name

in the submitted by if you like to. You can also give me your e-mail.

But don't worry, till now I haven't had any time to submit lyrics, while

I'm also the moderator of many other artists.

Lyrics from at least the Eurovision Song Contest 1990 and forward will

soon be available!

I'm also the moderator of Melodifestivalen, where the swedish

participant for Eurovision Song Contest is chosen every year.

If you have any lyrics from this event, send them to me!
