Do be do be do do do oh
Do be do be do do do oh
Do be do be do do do oh
Do be do be do do do oh

I used to be a lunatic from the gracious days
I used to feel woebegone and so restless nights
My aching heart would bleed for you to see
Oh, but now
I don't find myself bouncing home
Whistling my consence to make me cry

No more I love you's
The language is leaving me
No more I love you's
Changes are shifting
Outside the words

The lover speaks about the monsters

I used to have demons in my room at night
Desire, despair, desire
So many monsters

Oh, but now
I don't find myself bouncing around
Whistling my consence to make me cry

No more I love you's
The language is leaving me
No more I love you's
The language is leaving me in silence
No more I love you's
Changes are shifting
Outside the words

And people are being real crazy
But we will only come
And you know what mommy?
Everybody was being real crazy
The monsters are crazy.

There are monsters outside

No more I love you's
The language is leaving me
No more I love you's
The language is leaving me in silence
No more I love you's
Changes are shifting outside the words
Outside the words

No more I love you's
The language is leaving me
No more I love you's
The language is leaving me
No more I love you's
Changes are shifting outside the words

Do be do be do do do oh
Do be do be do do do oh
Outside the words
