My love for you grows with each passing day  
I'm by your side when you're away  
When I miss you and long for your care  
I close my eyes and you there.

All that I ask is one moment in time  
No strings attached, no drawing lines  
You fill my thoughts even when you're not here  
I close my eyes, close my eyes and I feel  
You're there!

Take my love, take my heart  
Carry me with you in your dreams  
No, no never let go  
Wonder of love - Magical glow.

Take my love, take my heart  
Carry me with you in your dreams  
No, no never let go  
Wonder of love - Magical glow.

All that I ask is one moment in time  
No strings attached, no drawing lines  
You fill my thoughts even when you're not here  
I close my eyes, close my eyes and I feel  
You're there!

Take my love, take my heart  
Carry me with you in your dreams  
No, no never let go  
Wonder of love - Magical glow.

Search for me in your dreams  
Search for me, it's where I'll be.

Take my love, take my heart  
Carry me with you in your dreams  
No, no never let go  
Wonder of love - Magical glow. (2)
