I can be the sunshine today  
I'll be there to help you go on, on your way  
I can be the sweet moonlight  
I'll be there to guide you through the night  
I can keep you warm in the rain  
I'll be there to make you so happy again  
There's no broken heart I can't mend  
It is really easy and you will understand

Say a world and I'll be there, say a world and I'll be there  
Say a world and I'll be there, say a world and I will care  
Say a world and I'll be there, say a world and I'll be there  
Say a world and I'll be there, say a world and I will care

If you're feeling lost and alone  
I'll be there to help you carry on  
If you're feeling blue and you need a friend  
I'll be there to give you a helping hand  
If you feel like losing your pride  
I'll be there to give you a place where to hide  
If you feel your life just goes wrong  
I'll be there if you need someone to lean on

Say a world and I'll be there, say a world and I'll be there  
Say a world and I'll be there, say a world and I will care  
Say a world and I'll be there, say a world and I'll be there  
Say a world and I'll be there, say a world and I will care

(Life will be better,) so open up your eyes now  
(Life will be better,) we can stand together as one  
(Life will be better,) together we will change the whole world  
(Life will be better) Oh yeah yeah yeah?

(Say a world and I'll be there, say a world and I will care)  
I will take care of you, of course I will be there

(Say a world and I'll be there, say a world and I will  
care)

Oh? Listen what I say, I'll be there for you

(Say a world and I'll be there, say a world and I will  
care)

I'll be there, I will care, you'd better listen now

(Say a world and I'll be there, say a world and I will  
care)

If you need someone, yeah

Listen now 'cause I'll be there
