Since you came into my life, I've been touched by  
happiness  
I feel love is all around 'cause there is no more  
loneliness  
And there's one thing that is true  
You should know how much I love you

Love is everything I want, love is everything I need  
Thinking of the day we met as sign of destiny  
Love is everything I want, I believe in you and me  
Let me show you what I feel because my love is real

The girl I was, I left behind, incomplete and insecure  
Now I got you on my mind and I feel like I've been  
cured  
And there's one thing that is true  
You should know how much I love you

Love is everything I want, love is everything I need  
Thinking of the day we met as sign of destiny  
Love is everything I want, I believe in you and me  
Let me show you what I feel because my love is real

(Ah... ah... ah... ) Whoa...

(Love is everything I want, love is everything I need)  
(Thinking of the day we met as sign of destiny)  
Love is everything I want, I believe in you and me  
Let me show you what I feel because my love is real

(Love is everything I want, love is everything I need)  
(Thinking of the day we met as sign of destiny)  
Thinking of the day  
(Love is everything I want, I believe in you and me)  
(Let me show you what I feel) because my love is real  
Because my love is real
