Morning light breaking darkness, bringing dawn on  
again  
I can feel you are restless, I'm afraid for day to begin  
You are here, still around me, but your mind goes  
running free

Tell me who you are, show me what to do  
Let me be the one that you hold on to  
Open up your heart, let me look inside  
Baby, we'll go wrong if you try to hide  
So tell me who you are

Not a word, not a whisper, I'm confused, feeling low  
In my dreams - sweet surrender, through your arms -  
like a river I flow  
You are here, still around me, but your mind goes  
running free

Tell me who you are, show me what to do  
Let me be the one that you hold on to  
Open up your heart, let me look inside  
Baby, we'll go wrong if you try to hide  
So tell me who you are... tell me who you are

You are here, still around me, but your mind goes  
running free  
Oh...

(Tell me who you are, show me what to do)  
Tell me who you are  
(Let me be the one that you hold on to)  
Let me be the one you hold on to  
(Open up your heart, let me look inside)  
Open up your heart and let me look inside  
(Baby, we'll go wrong if you try to hide)  
Baby, we'll go wrong if you hide

Tell me who you are, show me what to do  
Let me be the one that you hold on to  
Open up your heart, let me look inside  
Baby, we'll go wrong if you try to hide

So tell me who you are
