I don't wish I could turn back time
I can move the mountains higher than high
Don't look back hold on to your spirit
Keep moving every minute

I know it seems a little premature
To live for the moment I'm just a girl
Don't look back hold on to your spirit
Keep moving every minute

What you give is what you get
There ain't no regrets

If you give me wings and reason why
Then I'll be an angel in your sky
Because I'm seventeen only once in a lifetime
Read my mind

I'm ready, why are you standing still?
Are you coming with me? I know you will
We can search the world together
Come on baby now or never

What you give is what you get
There ain't no regrets

If you give me wings and reason why
Then I'll be an angel in your sky
Because I'm seventeen only once in a lifetime
Read my mind

If you give me wings and reason why
Then I'll be an angel in your sky
Because I'm seventeen only once in a lifetime
Read my mind

I believe there's a better place always
Somewhere else instead
I believe the grass is greener if I chase
The magic no one else can find
(The magic no one else can find)

If you give me wings and reason why
Then I'll be an angel in your sky
Because I'm seventeen only once in a lifetime
Read my mind

If you give me wings and reason why
Then I'll be an angel in your sky
Because I'm seventeen only once in a lifetime
Read my mind

Because I'm seventeen only once in a lifetime
