You thought you had it coming,
but now you really really just don't know
It seems you make a deal far too big outta this
You thought that you'd done it
Yeah you thought that you had heard it all,
but the state of things is putting you down now just
because

You know they say it's just the eighties coming back
Can you feel it's just the eighties coming back
Aw i know it's just the eighties coming
Eighties coming, eighties coming
Eighties coming back

You said let's do it,
let's take it out and dance all night
But those deep synthesizer sounds freak you out
Now you wake up in the middle of the night,
in terror all you do is cry
Cold sweat a cup of tea no nothing seems to help you,
through the night,
my god

It's just the eighties coming back
Can you feel it's just the eighties coming back
Aw i know it's just the eighties coming
Eighties coming, eighties coming
Eighties coming back

Yeah you thought you had it coming,
but now it looks like you didn't know this
Everybody's wearing their hair the way you did 15
years ago,
and it makes you wanna cry

It's just the eighties coming back
Can you feel it's just the eighties coming back
It's just the eighties coming
Eighties coming, eighties coming
Eighties coming back
