I'm in love with the place where I was born
Where I lived my life in harmony with every new dawn
I'm in love with the people that I know
With whom I share my tears of laughter, the times I feel
low

It's a little bit of love, it's a little love I need
To keep me going, keep me smiling
It's love that makes me breathe
It may be Finland, France or Spain
Berlin, Prague or Rome
It's the place where you live
Where your heart feels at home

There's a world that is bigger than my own
Where they strive to try and unify, to dull monotone
Every change that really matters comes from within
When in love we stand together through thick and thin

It's a little bit of love, it's a little love we need
To keep us going, keep us smiling
It's love that makes us breathe
It may be Amsterdam or Bern
Sweden or U.K.
Where your heart is at home
You will feel okay

(It's a little bit of love), it's a little love we need
To keep us going, keep us smiling
It's love that makes us breathe
It's a little bit of love, it's a little love we need
To keep us going, keep us smiling
It is love that makes us breathe

To keep us going, keep us smiling
It is love that makes us breathe
